Subject: TSB for MIN-11514 – New Urethane Yellow Wheels For All E17TD, E20DTD, E20C and E26ECO Models.

Reason for Change - Product Improvement

Improvement - The new urethane tire will provide better traction, chemical resistance and longer life.

Models/Serial Numbers Affected All E17TDQP, E17TDQPG, E20DTDQP, E20DTDQPG, E20CQP, E20CQPG, E26ECOQP and E26ECOQPG models.

All new machines will have the new style wheels effective on 04/27/2012 starting with serial number 12040765 and following.

Reference Kit Instructions – The foam filled gray tire assembly part number 200172-2 will no longer be used on the models listed above and will no longer be available to purchase.

Use two of the K-172518 Wheel Kits, when replacing original gray wheels. Each kit will include one new wheel part number 172518, one key part number 172452 and instructions.

Note: The brush head will need to be adjusted to make the change to the new wheels. It's recommended to use two of the same type of wheel on each machine.
