

TECHNICAL SERVICE BULLETIN

To: [Distributor/Customer]

From: Power Boss Technical Support

Date: 07/15/2011

Subject: TSB for ECN MIN-11345 & MIN-11351 - New yellow urethane tires for all Phoenix 24 and Phoenix 26 models.

Reason for Change - The black tire part 90523309 is no longer available from our supplier.

Improvement - Better traction and chemical resistance.

Models/Serial Numbers Affected

All Phoenix 24 and Phoenix 26 models will be temporarily equipped with the gray tire part number 97071328, starting with serial number 11070047, until adequate supplies of the yellow urethane tires are available.

The change to the yellow urethane tire on the Phoenix 24 and 26 will take place approximately in October 2011.

Reference Instructions

No modification will be required to make the change from one tire type to the other.

NOTE: It is recommended that when changing tires, that two of the same type of tire be used on the same machine.
