Date: 4-16-2014

Subject: TSB for PWR-12328, All Armadillo 9X hoppers will use Dual Panel Filters

Reason for Change

Better performance

Improvement

Information only

Models/Serial Numbers Affected

All Armadillo 9X series (9XKGAS, 9XKLPG, & 9XKDSL) units beginning from serial number 20073093 and up (Sept. 2013) will be produced with dual panel filters.

Reminder, ALL Armadillo series units being produced will have the new Nanofiber filters. 9X series use PN: 3338657, Old Poly filters, 3334070, will still be available and can be substituted to the new Nanofiber Filter.

Also note: as of October 2013 all 9X series units will be produced with the following other standard features: Hydraulic cylinder steering vs. the Helac actuator, 8" hydraulic brakes, Clogged filter indicator, Fire in the hopper indicator, and Timed filter shakers. The broom door flaps will all now be 3307280 and should not be confused with the old 9XR manual that used the 3333705.
